

Hey, G!

Girl, you came in like a rude
Your flames were like a smoke
We talked without a rule
But then when we got together
It seemed to be going on

There's nothing time can't heal
This moment soon will pass
And then you'll ever feel
You shouldn't regret, what is done is past
We will be okay

Hey, G!
You don't have to put it off all the times to feel free
Hey, G!
Looking for a shelter on my shoulder every time you can't breath

Girl, you don't have to cry
You don't have to try
Don't even have to fly
Even if you're right, it doesn't matter
You just have to keep moving on

I know you for a while
I wish you just could smile
You don't have to see
That you came to me
On my dreams

Hey, G!
You don't have to put it off all the times to feel free
Hey, G!
Looking for a shelter on my shoulder every time you can't breath

And she's coming round through the corner
And she's coming round for her dream
And she's coming round through the corner
On her dream

And she's coming round through the corner
For the first time now I can see
And she's coming round through the corner
On her dream

Hey, G!
You don't have to put it off all the times to feel free
Hey, G!
Looking for a shelter on my shoulder every time you can't breath
